CLINICAL EDUCATION | MEDICAL AFFAIRS | SUPPLEMENT SCIENCE

Integrative pharmacist and clinical educator focused on the interconnected body. Brings a systems view of how the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how medications, nutrition, and supplements act across them. Built the clinical systems, platforms, healthcare professional education, and private-label supplement program for an integrative pediatric practice, grounded in evidence review, drug-nutrient safety, and compliant product claims.

> **WHAT I BRING TO YOUR TEAM**
> *Twenty-five years of clinical judgment and a builder's instinct for education. I connect medication, nutrition, and supplement science across the body's systems and turn it into programs, products, and content that people trust and act on.*

Professional Experience

INFINITE HEALTH PLLC / HEALTHY KIDS, HAPPY MOMS

2015 - MAY 2026 | CHARLOTTE, NC

Integrative Pharmacist, Clinical Education and Healthcare Strategy
Practice Development Lead

- Built the practice's clinical systems and its full education program for public, practitioner, and patient audiences, from blog posts and product copy to handouts and care plans, explaining the why behind each next step.
- Integrated GI-MAP, Doctor's Data, and Genova stool analyses with organic acids profiles of energy production, detoxification, mitochondrial stress, and digestion into one connected clinical picture.
- Read conventional labs against optimal, not merely normal, ranges and presented StrateGene nutrigenomic reports, turning the connected picture into precise, individualized guidance that holistically unburdens the body.
- Optimized medication, nutrition, and supplement regimens across immune, nervous, endocrine, metabolic, and digestive health, screening every plan for drug-nutrient and drug-supplement interactions.
- Advised families on dietary changes, nutrient-dense foods, recipes, and vetted products.
- As the practice's primary evidence, formulation, and product-research lead, led development and scaling of a private-label supplement line of 25 formulations generating approximately **$360,000 annually**, from formulation and sourcing to Supplement Facts, DSHEA-style structure/function claims, and forecasting.
- Reviewed batch Certificates of Analysis and kept lot-level raw-material records; negotiated a direct supply arrangement with BiAloe (2019) and sourced alternate suppliers during a six-month probiotic backorder.
- Escalated an evidence-based efficacy concern about a reformulated product, and the manufacturer restored the more effective prior formula.

PROFESSIONAL PHILOSOPHY

> *Health is written in biochemistry. When the body is nourished at the cellular level, its systems communicate in synergy, and that is where health and healing reside. I translate that science into guidance people trust and choices they make every day.*

EDUCATION AND LICENSURE

ALBANY COLLEGE OF PHARMACY
Bachelor of Science in Pharmacy

REGISTERED PHARMACIST
North Carolina
License #14013
Issued under Deborah M. Allen

Professional Experience

CONTINUED

INFINITE HEALTH (CONTINUED)

2015 - MAY 2026

- Led the EHR migration from HelloHealth to Elation: selection, setup, pilot run, team training, clinical templates, and integration of outside lab data.
- Championed early adoption of Hint Health for membership billing and supplement credits, built its product catalog with storage and handling guidance, and standardized family onboarding.
- Governed the supplement portfolio by evidence, including recommending against a switch the evidence did not support.
- Researched in PubMed and UpToDate with Claude, ChatGPT, and Perplexity, verifying every claim; directs Claude Code to build applications and dashboards.
- Led weekly family roundtables on histamine and sleep, immune resilience, inflammation, and the gut-brain connection.
- Led three twice-monthly Integrative Pediatrics Practitioner Mentorship cohorts for MDs, DOs, and NPs: case studies, supplement and medication education, test interpretation, and clinic strategy, with templates and resources.

TRANSFORMATION ENZYME CORPORATION

2014 - 2015

Clinical Education and Provider Support Specialist

- Developed and delivered national training that translated enzyme and nutrition science into practical guidance for healthcare professionals.

TARGET PHARMACY

1998 - 2013 | CHARLOTTE, NC

Supervising Pharmacist (Pharmacy Manager), 1998 - 2000
Pharmacist, 2000 - 2004; District Relief Pharmacist, 2004 - 2008
Staff Pharmacist, 2008 - 2013

- Opened the Stonecrest pharmacy as Supervising Pharmacist (Pharmacy Manager) and led its Y2K readiness; as a certified patient-counseling trainer, delivered a 6-hour CE program across Carolinas districts.
- As pharmacist in charge on manager-off shifts, directed technicians, workflow, staffing, and inventory, and cross-trained staff for prescription surges.
- Reviewed every prescription for safety; resolved prior authorizations and Medicaid claim rejections.

WEGMANS FOOD MARKETS

1994 - 1997

Pharmacy Intern

Selected Speaking and Education

Signature topics: The Interconnected Body; Pediatric Immune Resilience

Pediatric Immune Resilience - Personalized Lifestyle Medicine Institute, with Drs. Bland and Lustig (2022), and U.S. Department of Veterans Affairs clinicians
