Typical Responsibilities: How Deborah Delivers

EVIDENCE, ACCURACY, AND CONTENT

Critically evaluate the clinical literature

DIRECT EVIDENCE

Led PubMed and UpToDate evidence review for complex cases, separating what is established, plausible, and speculative, and presented staged plans with full citations.

Write and review accurate clinical content

DIRECT EVIDENCE

Built education for public, practitioner, and patient audiences, and wrote the practice's documentation standards, protocols, and training resources.

Medical and scientific education

DIRECT EVIDENCE

Led three twice-monthly mentorship cohorts for MDs, DOs, and NPs, built national clinician training, and presented for the Personalized Lifestyle Medicine Institute with Drs. Bland and Lustig.

CLINICAL AI AND OUTCOMES

Apply generative AI responsibly

EXCEEDS REQUIREMENT

Prototyped an AI-assisted lab-trend dashboard with practitioner review before any change, and directs Claude Code workflows with written standards and fact-checking.

Outcomes and real-world data

DIRECT EVIDENCE

Designed structured intake and follow-up instruments, in use since 2016, capturing symptoms, therapy changes, adherence, and outcomes.
