CLINICAL EDUCATION | MEDICAL AFFAIRS | SUPPLEMENT SCIENCE

Integrative pharmacist and clinical educator focused on the interconnected body. Brings a systems view of how the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how medications, nutrition, and supplements act across them. Built the clinical systems, healthcare professional education, and private-label supplement program for an integrative pediatric practice, grounded in evidence review, drug-nutrient safety, and compliant product claims.

WHAT I BRING TO YOUR TEAM
Twenty-five years of clinical judgment and a builder's instinct for education. I connect medication, nutrition, and supplement science across the body's systems and turn it into programs, products, and content that people trust and act on.

Professional Experience

INFINITE HEALTH PLLC / HEALTHY KIDS, HAPPY MOMS

2015 - MAY 2026 | CHARLOTTE, NC

Integrative Pharmacist, Clinical Education and Healthcare Strategy
Practice Development Lead

- Built the practice's clinical systems and its full education program for public, practitioner, and patient audiences, from blog posts and product copy to handouts and care plans, explaining the why behind each next step and addressing parent concerns and symptom variables.
- Integrated GI-MAP, Doctor's Data, and Genova stool analyses with organic acids profiles of energy production, detoxification, mitochondrial stress, and digestion into one connected clinical picture.
- Read conventional labs against optimal, not merely normal, ranges and presented StrateGene nutrigenomic reports, turning the connected picture into precise, individualized guidance that holistically unburdens the body.
- Optimized medication, nutrition, and supplement regimens across immune, nervous, endocrine, metabolic, and digestive health, screening every plan for drug-nutrient and drug-supplement interactions.
- Advised families on dietary modifications, nutrient-dense foods, recipes, and vetted products with ingredient integrity.
- As the practice's primary evidence, formulation, and product-research lead, led development and scaling of a private-label supplement line generating approximately **$360,000 annually**, from formulation and sourcing to Supplement Facts, DSHEA-style structure/function claims, and forecasting.
- Reviewed batch Certificates of Analysis and kept lot-level raw-material records; negotiated a direct supply arrangement with BiAloe (2019) and sourced alternate suppliers during a six-month probiotic backorder.
- Escalated an evidence-based efficacy concern about a reformulated product, and the manufacturer restored the more effective prior formula.

PROFESSIONAL PHILOSOPHY

> *Health is written in biochemistry. When the body is nourished at the cellular level, its systems communicate in synergy, and that is where health and healing reside. I translate that science into guidance people trust and choices they make every day.*

EDUCATION AND LICENSURE

ALBANY COLLEGE OF PHARMACY
Bachelor of Science in Pharmacy

REGISTERED PHARMACIST
North Carolina
License #14013
Issued under Deborah M. Allen

Professional Experience

CONTINUED

INFINITE HEALTH (CONTINUED) — 2015 - MAY 2026

- Researched in PubMed and UpToDate with AI-accelerated search, synthesis, and drafting, verifying every claim against primary sources.
- Led weekly family roundtables on histamine, sleep, and the nervous system; immune resilience; inflammation; and the gut-brain connection, and answered community questions on Slack, Facebook, and Instagram.
- Led three twice-monthly Integrative Pediatrics Practitioner Mentorship cohorts for MDs, DOs, and NPs: case studies, supplement and medication education, test interpretation and how to convey results compellingly to patients, and clinic and business strategy, with templates and educational resources.

TRANSFORMATION ENZYME CORPORATION — 2014 - 2015

Clinical Education and Provider Support Specialist

- Developed and delivered national training that translated enzyme and nutrition science into practical guidance for healthcare professionals.

TARGET PHARMACY — 1998 - 2013 | CHARLOTTE, NC

Supervising Pharmacist (Pharmacy Manager), 1998 - 2000
Pharmacist, 2000 - 2004; District Relief Pharmacist, 2004 - 2008
Staff Pharmacist, 2008 - 2013

- Opened the Stonecrest pharmacy as Supervising Pharmacist (Pharmacy Manager) and led its Y2K readiness; as a certified patient-counseling trainer, delivered a 6-hour CE program across Carolinas districts.
- As pharmacist in charge on shifts without the pharmacy manager, directed technicians, workflow, staffing, and inventory; cross-trained team members to absorb prescription surges.
- Reviewed every prescription for safety and drug interactions; resolved prior authorizations and Medicaid claim rejections with prescribers and patients.

WEGMANS FOOD MARKETS — 1994 - 1997

Pharmacy Intern

Selected Speaking and Education

Signature topic: The Interconnected Body - How the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how nutrition, medications, and supplements act across them all

Signature topic: Pediatric Immune Resilience - Healthy cell, healthy gut, healthy child: immune-resilience science in practice

Personalized Lifestyle Medicine Institute - Webinar with Drs. Bland and Lustig, 2022

AHEC Gerontology Conference - Integrative pharmacy education, 2019

Transformation Enzyme Therapy Conference - HCP clinical education, 2019
