CORE EXPERTISE

Evidence-Based Medicine
Literature Review and Synthesis
Drug Information
Clinical Validation
Interconnected Body Systems

EXECUTION AND DELIVERY

Medical Writing
Clinical Decision Support
AI Output Verification
Clinician Education
Patient and Family Education

EVIDENCE-BASED MEDICINE | MEDICAL WRITING | CLINICAL AI

Registered pharmacist with 25+ years of licensed clinical practice whose range spans the interconnected body: how the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how medications, nutrition, and supplements act across them. As a clinical subject-matter expert, critically evaluates the literature, synthesizes evidence, validates drug information and clinical content before it reaches clinicians and patients, and explains complex decisions to clinical, business, and lay audiences. Holds every AI output to a primary-source standard.

HOW I MEET YOUR REQUIREMENTS	
EVIDENCE-BASED MEDICINE (EBM)	PubMed and UpToDate literature review for complex cases.
MEDICAL WRITING	Protocols, decision-support guides, and patient education.
CLINICAL VALIDATION	Checks every claim against primary sources before use.
MEDICAL EDUCATION	Three MD, DO, and NP cohorts; national HCP training.
STRUCTURED INTAKE	Co-designed standardized intake, 2016 onward.
GENERATIVE AI	Prototyped an AI lab-trend dashboard; directs Claude Code.

Professional Experience

INFINITE HEALTH PLLC / HEALTHY KIDS, HAPPY MOMS

2015 - MAY 2026 | CHARLOTTE, NC

Integrative Pharmacist, Clinical Education and Healthcare Strategy
Practice Development Lead

- Researched the literature for complex cases, including a pediatric patient with PSC and IBD co-managed with an academic medical center; presented staged plans with full citations to the physician and family, then tracked lab results over repeat testing.
- Co-designed the practice's membership enrollment, Zoom orientation, and structured intake (2016 onward), standardizing the information collected from each family.
- Designed and prototyped an AI-assisted lab dashboard: lab PDFs extracted into time-series data, AI-summarized trends, and practitioner review before any supplement, medication, or lifestyle change.
- Developed protocol and decision-support guides, onboarding materials, and education for public, practitioner, and patient audiences, explaining how the body's systems connect.
- Led three twice-monthly Integrative Pediatrics Practitioner Mentorship cohorts for MDs, DOs, and NPs: case-based clinical reasoning, medication and supplement education, and test interpretation.
- Directed Claude and Claude Code (agentic AI) through multi-step research, drafting, document-building, and scheduled search workflows, writing the standards they follow and catching inaccuracies, omissions, and overstated claims before use.

Seeking Health / Dr. Ben Lynch
2017 - 2018
StrateGene report presentation

PLATFORMS AND TOOLS

UpToDate, Lexidrug, Natural Medicines, Clinical Pharmacology, PubMed, Cochrane, Zotero, Claude and Claude Code, ChatGPT, Gemini, Perplexity, Copilot, Microsoft Office, Google Workspace, Elation EHR

Professional Experience

CONTINUED

INFINITE HEALTH (CONTINUED) — 2015 - MAY 2026

- Escalated an evidence-based efficacy concern about a reformulated product; the manufacturer restored the more effective prior formula.
- Led development and scaling of a private-label supplement line generating approximately **$360,000 annually**, managing supplier and manufacturer partnerships and batch Certificate of Analysis review.

TRANSFORMATION ENZYME CORPORATION — 2014 - 2015

Clinical Education and Provider Support Specialist

- Partnered with subject-matter experts to build and deliver national training that translated enzyme and nutrition science into practical guidance for clinicians.

TARGET PHARMACY — 1998 - 2013 | CHARLOTTE, NC

Supervising Pharmacist (Pharmacy Manager), 1998 - 2000
Pharmacist, 2000 - 2004; District Relief Pharmacist, 2004 - 2008
Staff Pharmacist, 2008 - 2013

- Reviewed every prescription for safety, interactions, and appropriateness across 15 years in a high-volume, highly regulated pharmacy.
- Resolved prior authorizations and Medicaid claim rejections, reviewing covered alternatives with prescribers and explaining options to patients.
- Opened and led the Stonecrest Target pharmacy as Pharmacy Manager, and taught a 6-hour CE program to pharmacists across Carolinas districts.

WEGMANS FOOD MARKETS — 1994 - 1997

Pharmacy Intern

Selected Speaking and Education

Signature topic: The Interconnected Body - How the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how nutrition, medications, and supplements act across them all

Signature topic: Pediatric Immune Resilience - Healthy cell, healthy gut, healthy child: immune-resilience science in practice

Personalized Lifestyle Medicine Institute - Pediatric Immune Resilience with Drs. Bland and Lustig, 2022

AHEC Gerontology Conference - Integrative pharmacy education, 2019

Transformation Enzyme Therapy Conference - HCP clinical education, 2019

Evolution of Medicine / Functional Forum - Functional medicine education, 2018

U.S. Department of Veterans Affairs - Pediatric Immune Resilience for clinicians

WHAT I BRING TO YOUR TEAM

Evidence you can stand behind, clinical judgment in every review, and AI used for speed with a pharmacist checking the facts.

Deborah M. Burke-Allen, RPh

REGISTERED PHARMACIST | NC LICENSE #14013 (ISSUED UNDER DEBORAH M. ALLEN)

Clinical Content, Medical Affairs, and Health Tech

EVIDENCE REVIEW | MEDICAL WRITING | CLINICAL AI | EDUCATION

Why Deborah Fits Clinical Content, Medical Affairs, and Health Tech Roles

Registered pharmacist with 25+ years of licensed clinical practice whose range spans the interconnected body: how the gut, immune, nervous, endocrine, and metabolic systems influence one another, and how medications, nutrition, and supplements act across them. She critically evaluates evidence, validates content before it reaches clinicians and patients, and directs agentic AI workflows with every output held to a primary-source standard.

25+ YEARS	10+ YEARS	3	ACTIVE RPH
licensed clinical practice	evidence review	MD, DO, and NP cohorts	NC #14013, under Deborah M. Allen

Typical Responsibilities: How Deborah Delivers

EVIDENCE, ACCURACY, AND CONTENT

Critically evaluate the clinical literature

DIRECT EVIDENCE

Led PubMed and UpToDate evidence review for complex cases, separating what is established, plausible, and speculative, and presented staged plans with full citations.

Write and review clinical content

DIRECT EVIDENCE

Developed protocol and decision-support guides, documentation standards, and education for public, practitioner, and patient audiences.

Medical and scientific education

DIRECT EVIDENCE

Led three twice-monthly mentorship cohorts for MDs, DOs, and NPs, built national clinician training, and presented for the Personalized Lifestyle Medicine Institute with Drs. Bland and Lustig.

CLINICAL AI AND OUTCOMES

Apply generative AI responsibly

EXCEEDS REQUIREMENT

Prototyped an AI-assisted lab-trend dashboard with practitioner review before any change, and directs Claude Code workflows with written standards and fact-checking.

Outcomes and real-world data

RELEVANT EXPERIENCE

Co-designed the practice's membership enrollment, Zoom orientation, and structured intake (2016 onward), standardizing the information collected from each family.

Work with clinical and business partners

RELEVANT EXPERIENCE

Managed supplier and manufacturer partnerships; her evidence-based escalation led a manufacturer to restore a prior formula.

Deborah M. Burke-Allen, RPh

CLINICAL CONTENT AND AI

Common Qualifications: Met and Exceeded

PharmD, RPh, or an equivalent degree	**DIRECT EVIDENCE** Bachelor of Science in Pharmacy with an active NC RPh license #14013 (issued under Deborah M. Allen), the standard entry-level pharmacist degree before the national PharmD transition.
Five or more years of clinical practice	**EXCEEDS REQUIREMENT** Twenty-five years, including 15 in high-volume pharmacy practice with daily patient care.
Medical writing or content portfolio	**DIRECT EVIDENCE** Science communication work sample available, plus a decade of drug information, patient, practitioner, and public education.
AI tools and new technology	**EXCEEDS REQUIREMENT** Uses Claude, Claude Code, ChatGPT, Gemini, Perplexity, and Copilot, and led an Elation EHR and Hint implementation.

What Deborah Brings to Your Team

- Clinical accuracy from 25 years of licensed practice.
- Range across the interconnected body, from medications to nutrition and supplements.
- Content that explains complex decisions clearly to any audience.
- Practical, verified use of AI to work faster without losing accuracy.
- A teacher's instinct, proven with physicians, families, and national audiences.

Career Highlights

National stages
presented for the Personalized Lifestyle Medicine Institute (2022) and for clinicians of the U.S. Department of Veterans Affairs

3 cohorts
twice-monthly MD, DO, and NP mentorship on case-based reasoning

A decade of content
protocol guides, onboarding materials, and patient education used across an integrative practice
