PRIOR AUTHORIZATION | DRUG UTILIZATION REVIEW | MEDICAID

Registered pharmacist with 25+ years in healthcare and an active North Carolina license. For 15 years in high-volume pharmacy practice, performed drug utilization review on every prescription and resolved prior authorizations, Medicaid claim rejections, and formulary alternatives with prescribers and patients. Then managed medication and lab authorizations, clinical documentation, and care coordination in an integrative practice, weighing how each therapy acts across the body's interconnected systems.

HOW I MEET YOUR REQUIREMENTS	
PRIOR AUTHORIZATION	15 years resolving prior authorizations and claim rejections.
MEDICAID COVERAGE	Worked Medicaid and commercial coverage and claim rules.
FORMULARY OPTIONS	Kept patients on therapy with covered alternatives.
DOCUMENTATION	Wrote clinical documentation standards and protocols.
DRUG UTILIZATION REVIEW (DUR)	Reviewed every prescription for safety and interactions.
CLINICAL RESOURCES	UpToDate, Lexidrug, Natural Medicines, and PubMed.

Professional Experience

INFINITE HEALTH PLLC / HEALTHY KIDS, HAPPY MOMS

2015 - MAY 2026 | CHARLOTTE, NC

Integrative Pharmacist, Clinical Education and Healthcare Strategy
Practice Development Lead

- Managed medication and lab authorizations, coverage barriers, and supporting clinical documentation, coordinating patients, practitioners, labs, and pharmacies so care was approved and carried out.
- Led cross-functional projects that built the practice's clinical operating model: membership enrollment, Zoom orientation, and structured intake (2016 onward), onboarding, lab ordering and tracking, virtual visits, and follow-up.
- Led selection and implementation of Elation EHR and Hint as an early adopter, integrating lab portals and Zoom; the virtual workflows enabled a rapid move to fully virtual care.
- Wrote the practice's documentation standards, protocols, and training resources.
- Led development and scaling of a private-label supplement line generating approximately **$360,000 annually**, overseeing vendors and suppliers, Certificate of Analysis review, quality, and demand forecasting.
- Educated practitioners, patients, and families on functional and traditional laboratory testing, translating complex results into clear explanations and practical next steps.
- Led three twice-monthly practitioner mentorship cohorts for MDs, DOs, and NPs: case review, test interpretation, templates, and clinic strategy.
